

## MY ECO-ACTIONS ON VACATION !

**The tourist office is committed to sustainable development in its territory and within its tourist information offices. During your holidays, adopt eco-responsible gestures!**

- ✓ I sort my waste in my accommodation; for my organic waste, I inquire about the composting service set up on the territory
- ✓ I inquire about the locations of selective sorting columns or about waste sites
- ✓ I limit my consumption of energy and water (I think well to turn everything off when I go out, I unplug even small electrical appliances, I control the faucets)
- ✓ I prefer baskets or shopping bags for my groceries (avoid the following plastic bags end up in the trash)
- ✓ I respect the environment, I don't leave cigarette butts or waste
- ✓ With a camping-car, I inquire about the emptying stations
- ✓ I respect the cleanliness of the environment with my pet: the tourist office is labeled «Toutourisme», I get free cani-bags in the tourist information offices of Gap or Tallard I inquire about the «Cani-Spaces» (spaces dedicated to dogs)

### **Let's promote eco-mobility!**

- ✓ I inquire about the different schedules of Agglo-Bus in the tourist information offices of Gap or Tallard or on the website of the agglomeration Gap Tallard Durance/ Transports-Agglobus
- ✓ I use the free car parks near the town of Gap
- ✓ I get the booklet of all parking available on Gap: guide «Park in Gap»
- ✓ I find out about carpooling areas: I find out about the Rezopouce service on [www.rezopouce.fr](http://www.rezopouce.fr)
- ✓ I inquire about carpool areas
- ✓ I use the bike paths
- ✓ Electric vehicles: the territory is equipped with charging stations: I inquire about their locations

### **On a walk, on a hike**

- ✓ I respect protected natural environments
- ✓ I respect the instructions of the Ecrins National Park; no pets, no wild camping, no flower picking, wildlife, no campfires
- ✓ I follow the marked trails
- ✓ I prefer gourds to cans or bottles
- ✓ On the way out I prepare a picnic «zero waste»: I take my gourd, my glass, my cutlery, reusable container, cloth towel and if necessary, I contribute to maintain cleanliness, I bring back my waste
